## INTERMEDIARY REVIEW

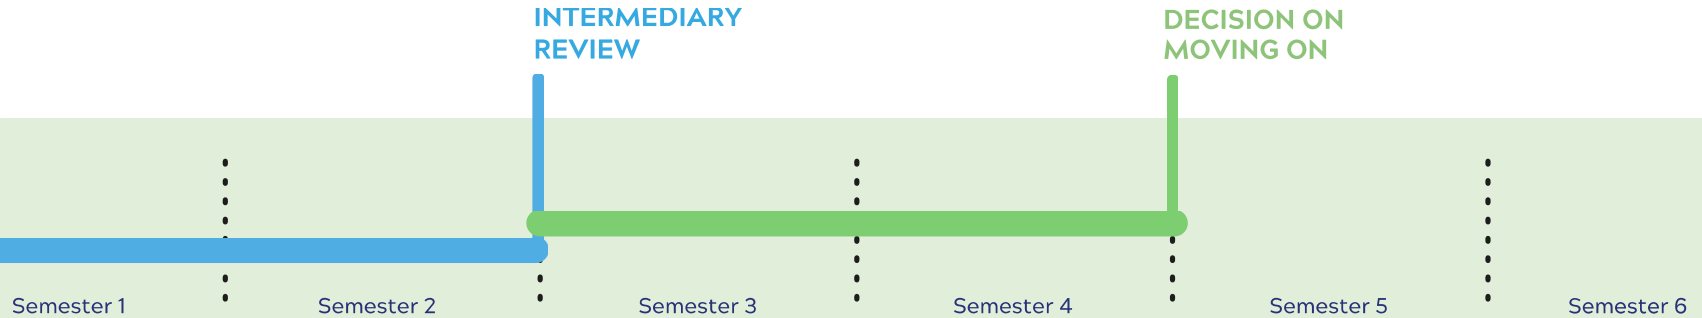

The intermediary review is a decision on moving up to the next year, which is indicated on the transcript. It takes into account all the **compulsory modules in the first year** of training.

It is successful if at least **80%** of the compulsory modules have been completed successfully.

**Each** compulsory module must achieve a mark of at least 20. The failure threshold is therefore 20%.

If the intermediary review is successful, **compulsory modules** not completed successfully do not need to be re-taken and are not counted for future decisions of the class council (conseil de classe).
